

HairCare Pro Prescription

For: baba

- Unknown Ingredient: No instructions available
- Unknown Ingredient: No instructions available

Wash Frequency: 1-2 times per week

Tips:

- Use lukewarm water when washing your hair, as hot water can strip natural oils.
- Consider a boar bristle brush to help distribute natural oils from your scalp to the ends of your hair.
- Limit your use of heat styling tools. If you must use heat, apply a heat protectant spray beforehand.
- Get regular trims to prevent split ends, which can make dry hair look dull.
