

HairCare Pro

This prescription is made for harry

Recommended Wash Frequency: Every other day or less

Ingredients:

- Hyaluronic Acid: Look for shampoos, conditioners, and leave-in treatments containing hyaluronic acid to draw moisture into the hair shaft and combat dryness.
- Argan Oil: Apply a few drops of argan oil to your ends after styling to add shine and moisture without weighing down your straight hair.

Tips:

- Use a gentle, sulfate-free shampoo formulated for dry hair.
- Deep condition weekly with a moisturizing mask.
- Avoid using hot tools excessively, as this can further dry out your hair.
- Consider using a boar bristle brush to distribute natural oils from your scalp down the hair shaft, promoting shine.
